The Bird Who Loved To MOO!

Synopsis

Children's Book: The Bird Who Loved To MOO! Children's books about animals & picture books for kids This is a read aloud kids book that is written in an easy to read rhyme style and is ideal for children from preschool to little kids. "Baa!" said the sheep. "Oink!" said the pig. "Quack!" said a duck. "Neigh!" said a horse. "Moo!" said the little blue bird... Wait a minute... birds don't moo! Unless you're a quirky bird who stars as the main character of this illustrated children's ebook! This book tells the story of a little blue bird that decides he would rather "Moo" than "Tweet." Despite being told by other farm animals what he should be doing, this brave bird prefers to march to the beat of his own drum. By doing so, the little bird realizes that this is the key to his own happiness. Reviews from Customers: A sweet ebook of a bird that is happy saying moo, moo! Ai thought that was a very special ebook for the very young who loves to see and hear animals talking! It's such a delightful picture book with animals that any young child who lives to see and be read to whether it be at bedtime or anytime and such bright colorful pictures too in it parents. I am giving this give ebook five stars for such a wonderful very easy to be read to ebook or for a very short bedtime story for the very young animal lover reader. I received this ebook for free from the Store under the Kindle unlimited subscription! Great job V! By Angela Great book! One of our new favorites! We've read this over and over and over! Very cutel am not a child, but it made me smile. It was a pleasant bedtime read even for an adult. Awesome book. This book is sooo cute! My daughter reads it every night at bedtime. She loves the moooo. A good purchase at a great price. My First Grader enjoys reading this... and my 3 year old asks me to read it to him also. A good purchase at a great price. My 3 year old thinks this is a very silly... My 3 year old thinks this is a very silly book. I've read it to him twice now and keep it on my Kindle app for those moments where we are in line or waiting for something. My son enjoyed this book. It teaches them that it's ok to be different. Not to conform to what others have to say The Bird Who Loved To MOO! is a beginner reader book that any child will love, especially at bedtime or as bedtime nursery rhymes. Customer Reviews

My granddaughter loves this books and the others in this series. The rhymes n the story are whimsical and sing-song sounding. She loves it. The illustrations are also really cute. She enjoys them all.

My son liked this book. Not to spoil the book, but he is running around saying moooo!! Three more words

Hard to say a lot about these types of books, but we were looking for a few ebooks for the grand kids and they love having them read to them while being able to watch the illustrations.

Great way to instill confidence in children no matter how out of the ordinary they think they are. My little one likes this book which now goes into our book circulation.

Rhyming words is a concept all students need to master. So besides Dr. Seuss -my first choice, I like these much shorter books and it can spark the kinds of rhymes the students can create.

Si simple. Just excited to read it.

Totally enjoyable with my granddaughter!! She's only two years old and requests "Read it again, grandma."

The story is lacking, as is the illustration. My son thought it was cute for awhile, and then lost interest.
