Customer Reviews

Omg this book was great and I am so glad you were comfortable enough to step out and write a story like this because stuff like this does happen and someone needed this message. Great job

Royce is a trip. I'm sure Royce has a story of her own. Jealous of her daughter really. Does she have a relationship with God? I don't think so. I hope there is a part 2

I loved this book, definitely a must read. The characters and situations are real and relatable. I could feel Royale's pain. I'm rooting for her and Kahn.

Khan and Royale have unconditional love and respect for each other. They are each other missing piece and soulmate. They have excessive baggage but they need closure to move forward with their relationship. This book have so much drama; however, it will keep you on your toes. I can't wait for the next book.

I loved this book. The stuff Royale went through was more than I could bear. I'm glad her and Bishop Grayling Christian went through the healing together but her mother Royce was a different breed that needed a whole lot of prayer. Meeting Khan was a bright light for Royale. I can't wait to see how this love triangle plays out. I felt so sorry for all the things Khan had suffered at his father's hands and I so glad he didn't share the same philosophy. I'm so ready for the continuation of this story. So many unanswered questions. I loved the music mentioned throughout this book.

I really enjoyed this book from beginning to end. All the secrets and dishonesty had my head spinning. Royale and Khan were my favorites, they both have been through so much and I admire the strength and courage that they find on one another. Royce was doing waaaaay to much and needs to sit down somewhere. I also took a liking to Kisha and Nehemiah they were both level headed and always helped their loved ones to keep an open mind about situations. There is so

much I could say about this book but I won't I will just you all read it for yourself, can't wait to read pt2

This book grips you from page one and holds you until the end! I enjoyed the multiple POV's the author used to tell this story, each character was well developed and expressive. Right now everyone is in ashes but you catch glimpses of the beauty to come, I am excitedly waiting for the next installment in this series! Read this book!

I was just going thru books and the cover caught my eye. I can't wait till part 2. I don't really read books like this one but I will recommend this Author too anyone. This book shows you what ever trouble you are having give it to God. I can't wait to see what this Author has next
