## Customer Reviews

The reason I choose this rating was because the book was rather small but I didn't pay that much only 99 cents so I felt I got what I paid for. Just beware that it has 100 quotes in all. But you might find one you can use.

Right now I am at a slow down on my scrapbooking, but I am really looking forward of getting started again. and when I do, I plan on using many of the quotes. Also, I would also like to try my hand at card making, so with having these quotes it will help me to make my cards seem more

professional. These quotes along with the scrapbooking settings, and the circuit helps that I now have downloaded I am ready to go. Thank you for them all.

Great quotes for every category very helpful for card making or scrapbooking very useful tool will refer to this book as I make cards

It gave me ideas which was what I needed . Glad I order it. Anyone looking for ideas or need more get it

Very helpful finding quotes for many occasions! Thanks for compiling these helpful sayings...would recommend to every card maker!! Thanks

this book is something I really like because I find myself running out of things to say in a card so this book has helped me find the right thing to say plus I do so much scrap booking that thanks for coming out with something I will enjoy using

as stated before it is a quick read, I thought the quotes good and can see how they will be useful in the future. It was only .99 so not a lot of money lost. for a buck you can't beat it I have a couple of others that cost more than that and they were not, in my opinion not as good.

Limited quotes that could be found on the Internet. Most quotes are commonly seen elsewhere or overly used - not original.
