Enjoying reading just a little to short but good

A special story of Orphaned girls trying to make a life for themselves after the orphanage had closed. Planning a trip out west to find happiness together is interrupted when someone steals their Wagon and supplies before they get started. Love the way that they stick together after suffering loss. A must read for those who enjoy historical western romance kindle books from at a special price and from a delightful author who keeps me wondering what next for the characters. I will be waiting on the next book.

This is the story of eight orphan girls who had to leave the orphanage, as they were up in age and the place was closing. This series sounds like it is going to be an adventure. Looking forward to the next book.

Was a short of what I hope will be as good or better. It is following the scope of none of them knowing what's expected in this new life. Kinda coming off very silly making decisions.

This book is the first one in "The Orphans of Albany" , I liked this book and I am sure to enjoy the rest of this series and I am sure you will too!!!!

Holsom reading. Simply done. Great characters. Cannot wait to read the rest of this series. Great author. Love her books!

This is a very good story about seven girls raised in an orphanage and plan to stay together and travel to California

Good story line like a soap on television. You want to find out what going to happen next. , I hope you will read.
