Customer Reviews

I liked this book until I got to the ending. That was a sucky ending!!! This was my first book by Katie Wyatt and it will be my last. Because of the ending, I regretted reading this book & considered it a waste of my time. Katie wrote a story that could have been really good, but the ending ruined it for me. I won't be wasting any more of my precious time.

was really a Novella to me. Would love to see it fleshed out into a novel. Took all three books to make a good novel. Was simple and straight forward with no surprises.

A surprising story of Orphaned girls writing to men out west to find a husband to start a family as they only had each other. One of the Brides was good at Baking and pleased the mercantile owner , only he didn't spend a lot of time with her. There were events that took place that will keep you interested. A must read for those who enjoy historical western romance kindle books from at a special price and from a delightful author who keeps me entertained.

VERY Confused about this series . It seems as though each book I read it's hard to find if not impossible the next book . I have Kindle Unlimited so these books are under that . It shows each title already written in the list of the series yet when I go to the next book it's not there are there is a charge because it brings me to store as if I was purchasing . Wish there was a way you could explain it . I believe ur a good writer but something is messed up. Wish I could finish story of not only rest girls but was left on cliff with Louise.

The story wasn't complete on my reader or on my computer when I tried to read it there(I have Kindle unlimited).I'M very disappointed that I couldn't finish the story.

I enjoyed this story, the author has done a good job of telling the ongoing tale of the orphans who

have become mail order brides.

I enjoy reading Katie Wyatt s books. She is a very good author. I love her characters and storyline. I begin to wonder what is going to happen next. Looking forward to book three.

I hope there is a sequel. I feel it left me wondering what happened. Please advise me when the #3 comes out. I love reading your books.
