Training Your Boxer (Training Your Dog Series)

Synopsis

Noted for affectionate loyalty to their masters and their household, typical Boxers respond most readily to positive reinforcement techniques, such as clicker training. Inappropriate obedience training methods can often produce a stubborn and unwilling learner. This book, a title in Barron's Training Your Dog series, presents breed-specific advice to dog owners. The emphasis is on dog-friendly methods for teaching skills and preventing or correcting bad habits. Virtually every aspect of canine training is covered, including house training, teaching obedience to verbal cues and hand signals, retrieving, walking the dog on a leash, and more. Instructive color photos appear on most pages.

Book Information

Series: Training Your Dog Series

Customer Reviews

It's not a Kindle book - it's like reading a PDF so you have to zoom in on columns and horizontally scroll- very difficult to read. I'm only to the second chapter so I can't rate the content but the e-format isn't good

Boxers are new to our family and we "rescued" a beautiful four old girl from the Humane Society. That being said, we wanted to know everything we could about this breed and learn from someone who really knows the correct way to go about training. Love this book!

This is an excellent book, it describes my "China" perfectly.

This was a good book, and gives a lot of good advice, but it still leaves a lot to be desired. To be honest, I've gotten far more benefit from watching online videos than from reading this book. If you are looking for advice on training your pet, check out Zak George's videos on YouTube. He's also on Facebook at Facebook.com/zakgeorge. I found his video guides to be extremely helpful.

This book was a disappointment. It seems to be written for boxer breeders, or show dog owners not for your average boxer lover. Too technical and boring. I wish I could find the book I had 13 years ago when I bought my first boxer. It was awesome. Now that we have taken in a rescue 8 month old I needed a refresher and this book wasn't it!!

Very helpful and informative!

I haven't completely read this book but I did scan through and looked at some key topics I was interested in reading about my boxer. I felt like I was reading an information guide on my own dog. I didn't realize that my dog has the typical "boxer" behavior until I read some of this book. I would recommend this book to anyone who wants and needs more information about their boxer dog!

Excellent book for boxer owners who wish to strength their bond. Joan accomplish to deliver a vast knowledge on boxers in a light and fun-to-read book. Not only you'll find tips on training your boxer but you will also learn to better understand and praise your boxer.
