Confederate Currency (Shire Library USA)

Synopsis

With the outbreak of the U. S. Civil War in 1861, the Confederate States of America began issuing its own paper money. Over the years, seven different series of currency were issued. Counterfeiting became a significant problem for the South, as did depreciation and inflation. By the end of the war, the notes were worthless, but within the decade their collectability was on the rise. Today, some notes can easily garner thousands of dollars. Uniquely designed and hand-signed, the paper money of the South tells the story of the new nation. Confederate currency expert Pierre Fricke illustrates the history of the South's money and explains the origins of the various notes issued by the South, putting the money into historical context. Fricke also briefly discusses the dissolution of the Union and examines the collectability of Confederate currency.

Book Information

Series: Shire Library USA (Book 655)

Paperback: 56 pages

Publisher: Shire Publications (July 24, 2012)

Language: English

ISBN-10: 074781080X

ISBN-13: 978-0747810803

Product Dimensions: 4.7 x 0.2 x 7.7 inches

Shipping Weight: 4.2 ounces (View shipping rates and policies)

Customer Reviews

Pierre Fricke is an expert on Confederate currency and an award-winning author of several books on the subject. He also operates a highly respected rare coin and paper money collecting business (visit www.csaquotes.com). He has been collecting coins since 1969 and currency since 2000. The author lives in the Boston, MA area.

Great book, also appreciated the author taking time to sign it.

Great job!

A little book, but interesting, included some noteworthy currency, although, I had hoped for more than this little book offered.

Great Book

Great Book. Easy to understand and provides a lot of background historical information.

Great item

Not as much information as expected... Thought there would have been more information on current value of Confederate currency.....c c

Great little reference book!
