Customer Reviews

"Ultimate Origami for Beginners is not your average beginner's guide. It includes a substantial booklet with easy-to-follow directions for somewhat more advanced beginner items – an oxymoron I realize – but I say that because this is not the cup, the crane, the box. The booklet includes flowers, animals (baby dinosaur, seahorse), airplanes, and dollar folds. Not to worry, though, the instructions are thoroughly illustrated and described. Plus if you're really stuck, there's a DVD guide to take you through the steps one-by-one." – 8asians.com blog

"It's the first kit to introduce all the various forms of origami that are popular today. No matter what your skill level is in paper folding, be sure you check out this kit today; you're sure to learn something new!" – AllFreepaperCrafts blog

"The Perfect Kit for Beginners – Everything You Need Is in This Box! Includes an Easy-to-Use Instruction Book, DVD and 62 Folding Papers for 19 Exciting Projects. Do not worry about getting stuck! The DVD is very easy to follow, unlike many of the videos out there. You will take your folding to the next level. Explore a variety of projects including traditional, money, modular, paper airplane, animal, modern and wet folding. Below, Kanji the Dog is folded from a single 6 inch blue square from the kit. Paper in 3 sizes, a variety of solid colors. There's even replica dollar bills for money folds. No scissors or glue required." – Handmade by Deb blog

"If you enjoy the art of paper folding, or Origami, then one of the best sources of instruction is Michael G. LaFosse. The Ultimate Origami for Beginners Kit is excellent for both beginners and children. World-renowned origami designers and artists Michael G. LaFosse and Richard L. Alexander have selected paper folding projects from popular origami categories such as traditional origami, modern origami, origami flowers, paper airplanes, cute cuddly animals and much more!" – Suzy's Artsy Craftsy Sitcom blog

"This wonderful kit contains everything you need to get started on your origami adventures. [] The instructions are all clear and concise, perfect for anyone who wants to learn this age-old art of paper folding. Kids of all ages can choose from a variety of origami crafts, ranging from traditional cranes to more modern designs like airplanes and flowers." – AllFreeKidsCrafts.com blog

"This set is perfect for anyone interested in Japanese art in general – but especially in learning Japanese origami (art of paper folding). I'm not very good at origami – but I was able to fold many things by following the steps on the DVD and in the book!" – Tokyo Five blog

"You get to sit behind LaFosse's shoulder, watch and follow along as he patiently guides you through the simple as well as more tricky steps, providing tips and techniques for better results. This will enable even beginners to get a grasp on slightly more advanced designs. Highly recommend for anyone who wants to dip their toes into origami!" – Gilad's Origami Page blog

"The projects are geared towards beginners but not necessarily

children. The kit actually includes a wide range of difficulty. [Ãçâ -Ã] When the book instructions were difficult to follow, they watched the videos on the included DVD. The videos are excellent and really helpful if you find the instructions confusing." Ãçâ -â •Omiyage Blog blog

Bought for my six years old who has been doing simple origami but this set is too complicated for her. Thought its for beginners

I purchased this for my 7 year old daughter and she was so excited!! She loves origami and this came with everything she needs! Step by step instructions, paper, fake dollars to learn how to fold bills and a dvd!

Michael and Richard have done it again! This is a wonderful book, but I hope that more experienced folders do not dismiss this gem. It has several great models including a great model for Valentine's Day: *Sealed with a Kiss*! You can never go wrong with an origami book by these authors who make origami accessible for the young, old, skilled and novices. Make sure you get your copy of this very nice book!

Perfect for Origami Beginners. I got this set as a Christmas gift for my niece who's 10 years old. She loves crafts and art and this was perfect for her. She absolutely loved it! This kit includes different colored paper to make the origami, a few fake dollar bills to make unique origami out of money, a DVD on origami for beginners and a booklet that shows you step by step origami. This was super easy for my niece to follow instructions with and create awesome origami with. She really enjoyed it! I would recommend this! Hours of Fun!

Fantastic children's guide to being more artistic...Loved buying this gift for a young, sick child in the children's hospital for Christmas. Boring moments that can be filled with color, imagination,

creativity, and lot of beauty!

I have always wanted to learn this art form! Michael G. LaFosse's kit is so perfect. Nothing was overlooked: DVD, well written instructions book, great photo "examples", piles of paper in great colors. If you've an interest in ORIGAMI, THIS IS THE KIT YOU WANT. YOU WON'T NEED TO BUY ANOTHER THING! *~f~ ~ Å,~ â •~ â "~f~ç~ â ~ Å~f~ç~ â ~ Å©WELL DONE!* *~f~ ~ Å,~ â ^~ Å •*

This was an interesting buy. It came with a DVD that shows you step by step how to make different origami figures which was very helpful as sometimes seeing someone else make the folds versus reading it in the inclosed book made it much easier to follow along and complete the project.

great -- Granddaughter used her skills learned for a demonstration 4/H project
