Customer Reviews

This is not a beginners book. I would say it's more advanced with lots of sixteenth notes on some songs. I bought this book for my daughter to learn her scales. I'm keeping it in hopes that one day she'll be able to play what's in here. But surely not for another 2-3 years. I play violin and some of this would be fast to finger even for me.

Excellant book for bass clarinet i use it daily easy to play and very helpful

Very well crafted bread product that is friendly on the wrists and hands. Would recommend to others and purchase again. Great buy at this price. my husband think it is amazing , so fast, receive it next day . very useful. OK.
