PowerScore LSAT Reading Comprehension: Passage Type Training (Powerscore Test Preparation)

Synopsis

PowerScore's LSAT Reading Comprehension: Passage Type Training provides you with the complete text of every LSAT Reading Comprehension passage from LSAT PrepTests 1 through 20. Containing 80 different passages, including hard-to-find passages from the early PrepTests, this book is an ideal training tool to increase your LSAT Reading Comprehension score. The passages are arranged in groups according to the passage classification system used in the renowned PowerScore LSAT Reading Comprehension Bible. Included are Line Reference Notes for every correct answer choice. Grouping each question by type provides a number of practical benefits: Grouping the questions by classification provides practice with specific types of questions, allowing particular focus on the question types you find most challenging. By examining passages with certain basic similarities, you can analyze the features of each passage type in order to better understand how passages are constructed, how they can be most quickly recognized, and how they can be most easily solved. This is especially the case if you have already read the PowerScore LSAT Reading Comprehension Bible. Alternatively, for more general practice with passages of all types, you can use the appendix in the back of the book and do complete passage sections from individual tests. The 80 passages in this book are an ideal supplement to the PowerScore LSAT Reading Comprehension Bible. However, even if you have not already read the Reading Comprehension Bible, this book provides an excellent practice resource, allowing you to develop your familiarity with various passage types and with the Reading Comprehension section in general. At the end of this book a complete answer key is provided. While complete explanations of each passage and question are not provided, each answer key is accompanied by Line Reference Notes that indicate the location in the passage where the source for the correct answer can be found. PowerScore offers comprehensive LSAT, GMAT, GRE, SAT, and ACT live and online preparation classes. For more information about PowerScore's publications or services, please visit PowerScore.com.

Steve earned his J.D. from the University of Virginia School of Law, and his MBA from the Fuqua School of Business at Duke University.

This book doesn't give you explanations for the answers, it groups previous lsat questions into types for you to practice and then look to see if your getting the right answers, I love them, get these, the bibles and the workbooks! You'll be set!

Money is better spent at 7Sage. This is just a few examples, no training.

Best LSAT series out there.

The book has a lot of marks showing the previous user's answers and whether they are correct. Not good as a training book for rent spending beyond \$15.
