Whose Truck? (Whose Tools?)

Synopsis

This nonfiction follow-up to *Whose Tools?* features six kinds of trucks—a utility truck, a fire truck, a snowplow, an ambulance, a crane, and a broadcasting truck—with five different parts of each truck properly labeled. The answer to each inquiring refrain of “Whose truck is this?” is revealed under a gatefold, engaging the reader in an informative guessing game about trucks and their operators. With lyrical (and factual!) text by New York Times bestselling author Toni Buzzeo, and the expertly stylized art of Jim Datz, this sturdily constructed board book is perfect for curious and playful young readers.

Book Information

Series: *Whose Tools?*

Board book: 16 pages

Publisher: Abrams Appleseed; Lf Brdbk edition (September 1, 2015)

Language: English

ISBN-10: 1419716123

Age Range: 2 - 4 years

Grade Level: Preschool and up

Customer Reviews

STARRED REVIEW "Interactive and educational, this one is a must for toddlers and preschoolers fascinated by trucks and the people who operate them." (Kirkus Reviews)"Datz includes a solid mix of male and female workers in a variety of skin colors. A last-page twist reminds readers that toy trucks can be just as fun as the real thing." (Publishers Weekly)

Toni Buzzeo is the author of the 2013 Caldecott Honor Book and New York Times bestseller *One Cool Friend*, as well as many other books for children. A former elementary school librarian and

secondary teacher, she now lives with her husband in both Buxton, Maine, and Sarasota, Florida. Jim Datz is an illustrator and designer known for his screen prints, decorated apparel, and illustrated home goods. He lives in Brooklyn.

Cute book, it's definitely a favorite in my house!

Quick delivery. Two and four year olds love the book

Good book and good service

It was a hit.

2-year old Grandson loves it.

Satisfy!

GREAT book for my 3 1/2 year old. He has spent hours looking at it! The pictures and info are accurate and interesting!

Good book but nowhere near as engaging as *Whose Tools?* This is maybe better for older kids - my 2.5 year old isn't really old enough to enjoy it as it's a little too technical to be fun for him. But he **ADORES** *Whose Tools?*
