Customer Reviews

Outstanding resource! I started reading this book as soon as it arrived and I was very pleased with my purchase. This is a great resource for my law practice. I highly recommend this for litigators.

Anyone wanting to study the art of litigation, what it takes, what you must know (and avoid) needs to

read this book.

A great accelerator to a legal career. Good book for every lawyer to read. I recommend it. Easy reading as well.

Great book for trial lawyers

Great tips

I love it

McElhaney's characters sometimes seem too contrived but when he gets into the explanations of the law and especially evidence, the value of the book just increases. Get it if for those short reviews and tips that you can find, especially when your done with a day of trial but you just cant let it rest. Worth every bit of its price-- get the Trial Notebook too, another worthwhile investment

Guess I just wasn't impressed. Not bad, but nothing original. Got half way though and just scanned the rest. Perhaps a newer edition would be better.
