# The Odd Couple

## Synopsis

Comedy / 6m, 2f / Int. This classic comedy opens as a group of the guys assembled for cards in the apartment of divorced Oscar Madison. And if the mess is any indication, it's no wonder that his wife left him. Late to arrive is Felix Unger who has just been separated from his wife. Fastidious, depressed and none too tense, Felix seems suicidal, but as the action unfolds Oscar becomes the one with murder on his mind when the clean-freak and the slob ultimately decide to room together with hilarious results as *The Odd Couple* is born. "His skill is not only great but constantly growing...There is scarcely a moment that is not hilarious." - The New York Times "Fresh, richly hilarious and remarkably original. Wildly, irresistibly, incredibly and continuously funny." - New York Daily News --This text refers to the Preloaded Digital Audio Player edition.

## Book Information

Audible Audio Edition

Listening Length: 1 hour 30 minutes

Program Type: Audiobook

Language: English

ASIN: B00005B1LZ

Best Sellers Rank: #152 in Books > Audible Audiobooks > Fiction & Literature > Drama

#1042 in Books > Literature & Fiction > Dramas & Plays > Regional & Cultural > United States

#46416 in Books > Literature & Fiction > United States

## Customer Reviews

Simon released his 20 year later version of the 1965 play and 1968 movie in book form only (to my knowledge) - and after the first spray of Lysol we get excited about where to see this "live", is there a DVD?Upside, the Funniest Trivial Pursuit game imaginable (the female "poker game"); early scenes really gut-bustin' as "Unger" (Florence) arrives at Olive's New York pad (we assume not far from the Central Park location of the guy's version) - and establishes material order while destroying everything non-material - namely, the psychological state of her best friends, especially the "female version" of "Murray the Cop", who, with whistle in hand, loses it before everyone else!Frankly, it's tough to separate Art Carney, Walter Matthau, Jack Klugman, Tony Randall, etc., from the proceedings, but the play does stand alone, ultimately.Downsides: I think Olive ("Oscar") needs

some more "believability"..I don't get that she's all that current-events or sports-minded. And unlike her male counterpart from 1965, she is \*aware\* that she is a slob (of sorts).Downside, continued: a long, draggy scene with the "Male" version of "The Pidgeon Sisters" - two Brothers from Spain, upstairs neighbors from the "old world", contrasting with the "new world" of independent American women. Stereotypical drivel, which would have been rejected by Burns and Allen in 1939, from page 60 to page 70. Neil...why?And there's more: "Japanese" and "African" references to make \*Archie Bunker\* wince.Overall, for deep or casual fans of Neil Simon, this is good, well-intentioned fun. May even wanna try it on for size at a theatre group.

The classic male version of the Odd Couple transferred to the female gender does work but does require an adaptation of both mechanics and mental processes. The basic plot from the male version of two well-meaning friends, each with marriage breakups, agreeing to share an apartment with the subsequent discovery of incompatible living routines remains intact as does the theme of taking honest responsibility for one's calculated offensive actions without a blame being shifted for self-justification purposes. Notable changes are the opening scene the poker game with beer being changed to trivial pursuit and more allusions to the subject of sex. However, there is the same amicable resolution of the progressively intolerable living situation at the end. In comparison of the two versions, an interesting difference in the male vs. female thought process can be detected, i.e. the male propensity to solve a problem a problem quickly vs. the female propensity to first decide how they feel about a problem before taking any steps toward its solution. On stage, this may make the female version more interesting. I elected for the four-star rating as I thought dialogue a little more pointed at the gender thought process difference would be a good enhance of the script. However, a good director should be able to make up the difference with creative non-verbal communication. This play is a wonderful comedy for small theaters both amateur and professional.

what a wonderful writer

I have been watching the current tv show. No one can replace or be better than klugman and Randall. Matthau and Lemon are a close second! Simon is a one of the great playwrights of American theater. This is a great jumping off point for any fan of the show.

Neil Simon's "The Odd Couple" is a classic American comedy about two very different men thrown

together at a turning point in their lives. The interplay between them and the supporting characters makes a fun experience for both the cast and audience. The copy I received from was in new condition and will be very helpful in preparing for our upcoming run of this delightful play.

Perfect for our scene in Class! Would recommend!

Needed this for a class. Fantastic.

A used version, it was generally what I expected, although there was more writing in it that stated.
