I bought this book for my 7 year old granddaughter who played her first year of basketball this year. She could NOT put this book down, reading it ever spare minute she had. As of now, she has read it several times and says it's her all time favorite. These are great chapter books for the beginners, you can't go wrong in buying one - - or more.

My 7 year old LOVES the Kylie Jean books! I'm so thankful to have found them! They've really boosted her confidence in reading! This one is great, as are all the others she has read :)

See review of Spelling Queen by same author. Great series of books for elementary girls and having difficulty with any part of life.

These books are very similar to a Junie B. series. I have girls at home and teach school and this is one of our favorite new series!
