Customer Reviews

Pretty straight forward. I found it interesting to read and I even learned a couple of things. I have no idea she had children! My son enjoyed it as well. It could be better with the pictures and formatting, so I knocked off a star.

Great book for your kids. My daughter had a biography project and when she did her presentation the kids were so happy to learn the story. Thank you.

I enjoy all the IP Factly books. This one had some information about Cleopatra that I didn't know. Recommended for all ages.

Excellent resource book, very clear information

This is a very good introduction to the life of Cleopatra. The book is divided into the following headings: Cleopatra's family, Early conflict, A young queen, Conflict with the Gabiniani, Competition for the crown, Relations with the Roman Republic, Cleopatra in the Roman Civil War, Cleopatra and Mark Antony, Murder on Sacred Ground, Queen of Kings, Fall from grace, The Battle of Actium, Death of Cleopatra, Legacy. Each heading has various facts listed about it almost like bullet points, but presented as paragraphs. There are illustrations and the information is presented in simplified terms, to be understood by the young audience. I would say this is no different from any other history book found in a school or local library. At the end of the book is a collection of facts. However, this is also an appealing page at the end of the book with a web link, so you can watch videos about Cleopatra's life on the IP Factly website. Obviously, this means you need to be using a Kindle Fire or similar tablet, but the link allows you to watch: Cleopatra Biography by Cloud Biography, Cleopatra Biography by escodavi, Ancient Egypt: Crash Course World History. My eight year old daughter really enjoyed this and I think these books are good introductions to historical figures. This will not give you a lot of depth, but they are a good starting point and children might be tempted to read on if they are interested.

this book is GREAT ! it is the best book ever. I have learned a lot about Cleopatra . It is a great biography ! Katie Truch.

Well I the pictures are good but it is weird the way the words are I mean I really didn't know when the book started. But the pictures are really good :(:)

Another interesting and fact filled book to help kids learn about historical figures, complete with some photos and pictures, plus a link to 3 video clips.
