Customer Reviews

"Dan Coen knows call centers. He knows telephone sales, cross selling, call center management and marketing." -- Bill Nassir, Phone Ware
"Dan provides definitive management strategies and training programs to the call center-its people and its management." -- Gary Blaiser, Alert Communications
"Great books, wonderful marketing strategies, terrific team player. Dan Coen and his books are 100% outstanding!" -- Linda Hoffman, Image Advertising

We are pleased to present How to Become a GREAT Call Center Manager by Dan Coen. It's all

about the supervisors, trainers, team leaders and managers in the call center. Dan did something special with this book. He added a question and answer session after each chapter to allow call center managers to apply what they have read to their own call center operation. And, there are worksheets throughout on how to structure new hire training and describing what managers should do in the call center. This book is about the people in the call center and how management can do a better job supervising people. Great ideas. Wonderful tips. And 45 concise strategies at the end of the book for call center managers to think about-and implement-in their call center.

We ordered GREAT Call Center Manager after ordering Dan's other book Building Call Center Culture. How to become a GREAT Call Center Manager is wonderful. Very thought provoking question and answer sections about call center management. Worksheets that drill down to the call center manager and supervisor role. And 45 neat quick tips. I like it because it is all about the people, the managers and team leaders and supervisors and how to manage the call center well. Good job!

Love all the ideas. A real creative book on how to tackle call center management. Had my team read one chapter each week and then we implemented programs from the chapter in our call center. Well done!

the book talks about just a few things, and there are not really good examples or scenarios... not worth it, it is a .99 book
