GERONIMO STILTON is an adventure-loving mouse who runs a newspaper. From the Cassette edition.

I originally bought Geronimo Stilton on CD for the car on vacation with the grandkids. I never see it now, because it circulates between the houses of my three daughters. The grandkids never tire of it. This series of books 4 - 6, I'm Too Fond of My Fur, Four Mice Deep in the Jungle, and Paws Off, Cheddarface is as exciting as the first 3. They love to listen to Geronimo's adventures. One of my grandsons loves to fall asleep listening to Geronimo's latest story. You won't be sorry if you buy this, but you might be sorry if you don't buy more than one copy for each household.

Love Geronimo. Great gift for any child to kick start their reading.

gave as a stocking stuffer

My grandson who is eight loves to listen to these books while going to sleep. Wish that I could find more of these books.

I was brand new!

I needed a paper book for my grand daughter (to develop her reading skills) . Got it on a CD instead.

I bought this for my son's first grade class as part of their work stations. The kids love it. It keeps them engaged and the building story sets a stage for reading as entertainment.

My son who is in the first grade, received his first set of Geronimo Stilton books on c.d. from a friend. We listened to them in the car, and the entire family enjoyed the stories so much that no one was allowed to listen unless we were all present because not even the adults wanted to miss a thing! We purchased the next set of books, which delighted my son with their colorful words and illustrations, mysterious plots and exotic locations. Since then, I think we have bought a total of 28 books in the series, and my only complaint is that I have caught my son reading under his covers at 11:00 o'clock at night! Any material that encourages my children to read in their every waking moment is a winner in my book!
