The Sin Of White Supremacy: Christianity, Racism, And Religious Diversity In America

Synopsis

How have Christian theologies of religious superiority underwritten ideologies of white supremacy in the United States? According to Hill Fletcher, the tendency of Christians to view themselves as the "chosen ones" has often been translated into racial categories as well. In other words, Christian supremacy has historically lent itself to white supremacy, with disastrous consequences. How might we start to disentangle the two? Hill Fletcher proposes strategies that will help foster racial healing in America, the first of which is to demand of white Christians that they accept their responsibility for racist policies and structural discrimination in America.

Customer Reviews

"For many Christians, this book will be a sobering but liberating slap in the face. Hill Fletcher makes a careful and undeniable case that 'the theology of Christian supremacy gave birth to the ideology of White supremacy,' and that we won't really be able to undo claims or feelings that Whites are superior until we do the same for claims that Christianity/Christ are superior over other religions. Fortunately, she devotes half the book to showing how Christians can overcome their superiority complex if they take Jesus' message of serving, self-sacrificing love seriously." --Paul Knitter, Union Theological Seminary

"In her recognition of the corruption of Christian identity by White supremacy, Hill Fletcher gives us a tool for exploring the seeming intractable problem of Christian participation in the sinful workings of racism. This text offers a great service for the Church, the theological academy, and people of good will interested in challenging one of the greatest evils of modernity." --Stephen G. Ray Jr., Garrett-Evangelical Theological Seminary

Timely and urgent, this courageous

book offers theological resources for working toward racial and economic justice. Required reading for anyone interested in social transformation and liberation!" --Kwok Pui-lan, author, *Postcolonial Imagination and Feminist Theology*

Jeannine Hill Fletcher is a professor at Fordham University and a constructive theologian whose research is at the intersection of systematic theology and issues of diversity (including gender, race, and religious diversity).
