I LOVE THE PHANTOM OF THE OPERA AND I HAVE LOVED IT SINCE I WAS 11. Although the book was thinner than I expected it still was in a great condition. It's a great thing to get if you really love the Phantom Of the Opera and happen to play Viola. Also, being s violist for many years myself I can say there's parts in there a beginner might now be used to seeing such as 6/8 or some key signatures such as Ab Major and also some 16th note rhythms but nothing too hard as long as you know the songs and the not range.

If you play viola and like Phantom, it's a no brainer! Pretty much all first position, nothing crazy. Some pieces are a bit much for an absolute beginner, but not so much as to be intimidating.

I absolutely love this book! It's hard to find good music for the viola. I love how I actually can play melodies with this book. I strongly recommend this book if you want something to play!

Granddaughter loves this book. Would definite by from seller again.
