Customer Reviews

This is a good story about the summer between middle school and high school for a boy named Derek. He is a well rounded character that is an avid baseball player and musician. He struggles with balancing his time and attention between playing a sport he loves, his passion for music, his best friend and having a girl friend for the first time. This book has several twists and turns as Derek

struggles with these issues, but through it all he has the support of his family to help him sort things out. It's a great read for middle grade students.
