## Customer Reviews

What I like in this book is that for a few bucks you buy not just unique info (good luck with googling), but also many cool pictures of Ukraine. I also like that there are separate guides to Kiev and Odessa. Smart! There are a couple of maps of the capital and other cities, although more might be better. Recommend

I was not going to Ukraine. I was not even thinking about this country, but after reading this I want!!! I've traveled quite a lot in Europe, but did not consider Ukraine as a travel option. But I randomly saw this guide and found that it is might be very interesting experience. Nice read, thank you.

Very very disappointing - no page numbers and no map

Written by the very talented Iryna Tverda, this is a REAL travel guide written by a REAL Ukrainian. It talks about the big cities of Kiev and Odessa, as well as the countryside. It's pretty cool to have a place described to you by a person that is actually from there. A lot of travel guides are written by people that don't even live in the country they are writing about so this is refreshing. If you're planning on traveling to Ukraine you are going to want

to get this book FOR SURE!

I have been to Ukraine two years ago, I wish I could get this book earlier. It turned out that I skipped some nice places to see in my favorite Lviv and Odessa (like the flea market or hidden courtyards) that I was not aware before. Pity
