Marianne M. Jennings, J.D., Emeritus Professor of Legal and Ethical Studies, has taught at the WP Carey School of Business, Arizona State University since 1977. She was named professor of the year in the College of Business in 1981, 1987, 2000, and 2010. She served as director of the Joan and David Lincoln Center for Applied Ethics at ASU from 1995-1999. Ms. Jennings has written six textbooks and four monographs in the areas of business ethics, ethical culture, and legal environment. She was director of the Lincoln Center for Applied Ethics from 1995 to 1999. Ms. Jennings has worked with government agencies, professional organizations, colleges and universities, and Fortune 100 companies on ethics training and culture. She is a contributing editor of the *Accounting and Compliance Alert* and the *Real Estate Law Journal*. Two of her books have been named *Library Journal's* book of the year. Her books have been translated into three languages. Her book, *The Seven Signs of Ethical Collapse*, published by St Martin's Press, has been used as an audit tool and a primer by numerous organizations for creating and sustaining an

ethical culture. In 2011, Ms. Jennings was named one of the Top 100 Thought Leaders by Trust Across America and in 2012, she was named one of the 100 most influential people in business ethics by Ethisphere magazine. Ms. Jennings served on the board of directors for Arizona Public Service (now Pinnacle West) who owned the Palo Verde Nuclear Station from 1987 through 2000. She has served on INPO's advisory council since 2005. In 2015, she was named an affiliated scholar with the Center for the Study of Economic Liberty at Arizona State University. She conducts ethics training and ethical culture assessments for businesses, including Fortune 100 companies, government agencies, professional associations, and nonprofit organizations.

Jennings has prepared an amazing law book. There are cases presented with some of today's popular companies and celebrities. International law cases are included as well as consideration given to the European Union, China and common law. The author has explained the complexity of how American case law is interwoven with Statutes and the old Common Law system from England, with the morality system of ancient Rome and Greece, which established the foundations for Western Civilization. There are interesting questions to ponder at the end of each chapter, an excellent chapter summary, Appendices, an index and glossaries. This book is well worth the money spent on it.

returned product

I purchased this because it was required for a class, but I am writing to recommend it because I really enjoyed it. The text uses relevant, interesting real-life examples to illustrate it's teaching and is fair and unbiased in its treatment of law and ethics in business.

This book an excellent source of information to have as a student. Multiple examples are given concerning cases to give you an outstanding idea on how they worked out with Business/Ethics combined. Read the book thoroughly line by line. Great information is given from Independent Contractors for a company to doing business internationally. It will assist students in elaborating on discussions and open up one way mindsets. GREAT BOOK!

Nice book, big and difficult to understand, but its what I ordered.

As far as textbooks go, this is one of the better ones. Written in a readable style, with case

examples that are applicable.

Very good book, the pages are a little wrinkled but all of the pages are there!

Great Product at a Great Price...
