The Brown-Driver-Briggs Hebrew And English Lexicon

Synopsis

A trio of eminent Old Testament scholars--Francis Brown, R. Driver, and Charles Briggs--spent over twenty years researching, writing, and preparing "The Brown-Driver-Briggs Hebrew and English Lexicon." Since it first appeared in the early part of the twentieth century, BDB has been considered the finest and most comprehensive Hebrew lexicon available to the English-speaking student. Based upon the classic work of Wilhelm Gesenius, the "father of modern Hebrew lexicography," BDB gives not only dictionary definitions for each word, but relates each word to its Old Testament usage and categorizes its nuances of meaning. BDB's exhaustive coverage of Old Testament Hebrew words, as well as its unparalleled usage of cognate languages and the wealth of background sources consulted and quoted, render BDB an invaluable resource for all students of the Bible.

Customer Reviews

Text: English, Hebrew

I ordered the in February 2014. I am very familiar with using the BDB Lexicon as a reference tool as I am studying and teaching myself Hebrew. I was cautious because of some of the 1-star comments that claimed the text was poorly copied and hard to read, or that a group of pages were missing. I finally took a chance and ordered the book. I was very pleased to find the book has wonderfully printed pages - realize that the original is over 100 years ago so the type setting font is more compressed than currently preferred. The ink to page contrast is very readable; it is not hard to

read. All the pages appear present. The missing pages comments must be from a particular printing mistake. All three indexes, Strongs # to BDB, Hebrew verb roots to BDB and Aramaic verb roots to BDB, are found at the back of the text. To top everything off, the tan and green hard cover looks beautiful. This book is accurately represented. The price was incredibly affordable. I would recommend this to anyone wanting their own copy of the BDB Hebrew-English Lexicon.

I'm not a linguistics major or a Biblical Hebrew Scholar so I cannot testify as to the quality of the essential nature of this tome, however, it is instrumental to my Hebrew III class and the Pelt and Pratico Vocab guide just wasn't sufficient for the task. You get a lot of bang for your buck with this book. Now, The customer image of the pretty brown book is what you will get when you order from . I've talked to a few employees and all of them were ignorant as to the facts of what I would get if I ordered this book. Some will get a 7th Printing (2003), some will get 13th printing (2010), or maybe some where in-between. I got the 13th printing and it has 1204 pages while the 7th, I think, has 1185 pages. I don't know how important these things are, but I wanted to make sure to get the brown and green cover and (whose customer service is 99.9% fantastic) was unable to tell me what I would get so I just ordered and crossed my fingers. So if you order new you will most likely get the latest printing, which at the time of this writing is brown and green. Good luck in your Hebrew studies everyone, and remember if you really want to understand the TaNaCh, make sure you consult the Rabbinical Scholastic commentaries. Artscroll has a great Chumash with lots of invaluable commentary. ""Shalom

The book itself is great. But ATTENTION! Pages 425-458 are missing in the hardcover edition! It's a great disappointment for me.

I was used to HALOT, so mainly the format (i.e. finding the roots and derivations) was the main problem. I am glad I now have both for reference!

Has been a huge help in my Biblical Hebrew class. The textbook we use has a limited lexicon in the back, but the BDB is has been immensely helpful. Takes some practice to use, but once you get it, it's awesome.

This book is a great help to enhance my studies in Hebrew. I recommend it to anyone serious about studying the Hebrew language

If you're wanting to find the Hebrew or Greek translation, this book is wonderful.

IF YOU WANT A WHOLE LOT OF INFO LIKE FOREVER... THEN IT'S FOR YOU
