Customer Reviews

I will have to say I respect her for the right information given to us when we are being misled almost everyday. I like her method and the workout tips she uses and will for sure put in my routine.

A very good book, very practical and informative. Really liked the layout of the book. I will use the techniques in this book.

I am somehow a bit backdated, when it comes to the talk of body shaping. I was not so convinced about getting skinny thighs before. But the conception changed abruptly after reading this book. The step by step pictorial book is pretty stand alone source of all information and techniques to get skinny thighs.

Every woman wants to have skinny thighs, but there's lots of bad info out there on how to get them. Victoria Johnson has the answer on getting the thighs you've always wanted with "sexy is the new skinny".
