Customer Reviews

I am still studying for my written test but these questions and answers have really helped me to learn some new things.

Our students in the high school have had a hard time passing their driver test, this book has been helping them review and practice.

good book

A student who wants to do well in the DMV test should read up and prepare way in advance of just cramming with the little DMV booklet. This is a great book to get!

Very solid preparation for the written state exams to prepare our youth to be better drivers.
