Beware this does NOT include Projects which most classes in college require "Assessment, Training and Projects v1.0". I Bought this and then had to end up spending more money on the actual SAM that we needed for class. It is my fault for not reading fully. Ended up spending a lot more money then saving ;(

This is a perfect example of how NOT to teach. The software is frustrating, and often does not accept correct answers/methods of doing something. Required to purchase this for a required intro tech class for my significant other, otherwise I would have never purchased it. Avoid at all costs.

DONTTTTT BUY ITWASTE OF MONEY , ITS ONLY GIVES ACEESS TO TRAINING, YOULL

HAVE TO BUY AGAIN FOR THE PROJECT WORKS.had to buy the another code for the same amount. same amount you can get both training and project

If I could give it zero star I would definitely do it! This code was wast of money! I entered it and it said this code was already in use! So I have to go to school book store and buy it again!

Worked for me

Access code was used and did not work.

Quick delivery, would order again from this supplier. The product was in brand new condition just as advertised.

Fast shipping, great feedback.
