Grade Level: 4 and up

Customer Reviews

Grade 2-5-A dazzling look at Egyptian artifacts and architecture. Hundreds of excellent-quality, captioned, full-color photographs and reproductions demonstrate various aspects of culture and life. Two-page spreads focus on different facets of this ancient civilization, and transparent cutaways are used to view Tutankhamen's mummy, the interior of his tomb, the temple at Abu Simbel, and the hold of a cargo boat on the Nile. This spectacular presentation is easy to read and a delight to browse through. However, it is not substantial enough for reports, and lacks a time line or a cohesive historical overview. It's similar in concept and format to the "Eyewitness" series (DK), but even glitzier. Cynthia M. Sturgis, Ledding Library, Milwaukie, OR Copyright 2003 Reed Business Information, Inc.

Gr. 4-8. DK's familiar combination of cross-sections, photos, drawings, and captions gives the effect

of walking through a museum exhibit in this lavishly illustrated title. Traditionally rendered illustrations mix with computer graphics and transparent pages that allow the reader to peel away layers to reveal the inside of Tutankhamen's coffin (including the mummy's remains), an Egyptian work boat, and the great temple Abu Simbel. Each spread covers a different topic about life on the Nile, such as rulers and gods, warriors, notions of beauty, craftsmanship, methods of writing, techniques for building tombs, and mummification. The lively text includes a brief, exciting account of archaeologist Howard Carter's discovery of King Tutankhamen's tomb. Full of information, this versatile book offers plenty of report material, as well as an appealing format for browsers. Helen Rosenberg Copyright © American Library Association. All rights reserved

cute book

I bought this book as a gift for my 12 year old granddaughter. She is very interested in ancient Egypt and seemed to be very pleased to receive the book. I cannot comment on the book's content although I did notice that it has many interesting pictures of ancient Egyptian artifacts.

Great quality of photographs. This pocket contains easy-to-understand information. It can be used as a great resource that you can carry with you.

Good!
