Standard Handbook of Electrical Engineering and coauthor of Electric Power Systems Quality, Third Edition (McGraw-Hill Education). He is Senior Member of the IEEE. Surya Santoso, Ph.D., is an associate professor at the University of Texas. His research interests are in electric power quality and wind power systems. Dr. Santoso is coauthor of Electrical Power Systems Quality, Third Edition.

Handfull, critical information is precise and available but it requires a little intimacy with the way things are written.... Maybe a couple of summary pages would make the use even better.
