## Synopsis

Medically discharged from the army, Tate “Bear” Parker, former Delta-Force soldier, now works for Brotherhood Protectors as a bodyguard. Gruff but outgoing, his in-your-face cheerful exterior hides wounds invisible from the outside. He hopes to keep those scars undercover and get on with his life and his job, with no one the wiser. Mia Chastain grew up in Eagle Rock, Montana. Now a successful screenwriter, she’s hit a brick wall writing a movie script about a young woman struggling to come to grips with her life in the aftermath of a brutal attack. Mia returns to her hometown to face her own demons and write the script she knows she must. A secret she’s kept buried for a very long time makes her fearful of facing her homecoming alone. When her old school friend suggests she hire a bodyguard, she jumps on the idea, determined to stay the course, with the help of a strong, ruggedly handsome guardian. In the performance of his protective service, the damaged soldier falls under the spell of the shy screenwriter. They forge an unlikely bond in an effort to keep her safe as the secrets of her past come back to haunt her and threaten to destroy the life she’s built.

Elle James - Montana D-Force - (Brotherhood Protectors Book 3) Mia Chastain, who is shy and a successful screenwriter decides to go back home to Eagle Rock, Montana after she gets stuck with a new movie script. It's a hard one because it is about a woman struggling to come to grips with her life after a brutal attack. What she doesn't want anyone to know is how close this script is to her own life. When her school friend suggests she hire a bodyguard, Brotherhood Protectors was called. One of the newest agents for the Brotherhood Protectors is Tate "Bear" Parker who is a former Delta-Force and was assigned her case. Tate was medically discharged and feels a little lost. He is a little rough around the edges, and has his own demons. He plans on keeping those hidden from everyone. Tate was surprised when he had such a pull to Mia but they formed a bond while keeping her safe. During this time, her past come back and he is there to help her emotionally too. When her past physically comes back to destroy her, Tate will use his Special Force training to keep her safe. This chemistry and passion they both feel for each other, lead to someone more? Find out and read this wonderful installation today.

I thought it was really good except it was really, really rushed. I thought the heroine was great. I don't understand when people say a rape victim doesn't act like a rape victim. She was raped when she was 16. She has never had sex until she meets Bear. She has a great connection with him. So there relationship moves along. I didn't think it happened too fast. Sometimes that happens. Just because a women is raped doesn't mean she has to act scared to death for a man to touch her for the rest of her life. I liked the hero too. Just don't know a lot about him. The bad guy was obvious. There really wasn't anyone else to pick from. It ends abruptly. I would have like to have heard about Phillip finding out about what happened to his girl.

Bear has joined the Brotherhood Protectors Service. Mia has come to write a screenplay. The only problem is the play is bringing up memories of her own past and what happened to her. She feels she needs to resolve it somehow. Mia hires Bear as her bodyguard. She finally opens up and tells Bear what happened. Can they figure out who attacked her or will he find her before it is too late? Can Mia figure out how to get Bear to be with her?

Hunky, wounded and released from the only job he's had since high school, Bear has found a place to land. Our heroine is coming home to memories that were nightmares. The scare tactics start the first night she's back and she finds herself with an ex-military bodyguard. Lots of danger, action,

humor, and some hot sex. Highly recommend for a quick read.

Montana D-Force has a good solid storyline. The main characters were interesting. I just wished James included Swede from book 2 more. I am hoping the series gets better, I would like to see the relationships blossom and maybe the storyline longer. Happy Reading!!!

Once again I am having trouble getting the correct number of stars for the book. There should be five stars on the top of the page. . A writer returns home to put down on paper what happened to her, someone wanted to keep the past closed.

This is Bear and Mia's story-full of excitement, suspenseful romance. Mia has come back to her hometown, Montana to hunt a rapist. With Bear at her side as her handyman they work together to find clues and try to fight their attraction. Very good story

What a great story that keeps you reading and smiling wondering what will happen next. You have to believe that you are safe and trust the one protecting you. Still you smile and hope that love can change your life.
