The Book Of The Dead: The Hieroglyphic Transcript Of The Papyrus Of Ani, The Translation Into English And An Introduction

Synopsis

Why buy our paperbacks? Printed in USA on High Quality Paper Standard Font size of 10 for all books Fulfilled by Expedited shipping 30 Days Money Back Guarantee Unabridged (100% Original content) BEWARE OF LOW-QUALITY SELLERS Don't buy cheap paperbacks just to save a few dollars. Most of them use low-quality papers & binding. Their pages fall off easily. Some of them even use very small font size of 6 or less to increase their profit margin. It makes their books completely unreadable. About The Book Of The Dead by E. A. Wallis Budge The Book of the Dead is an ancient Egyptian funerary text, used from the beginning of the New Kingdom (around 1550 BCE) to around 50 BCE. The original Egyptian name for the text, transliterated *rw nw prt m hrw* is translated as Book of Coming Forth by Day. Another translation would be Book of emerging forth into the Light. "Book" is the closest term to describe the loose collection of texts consisting of a number of magic spells intended to assist a dead person's journey through the Duat, or underworld, and into the afterlife and written by many priests over a period of about 1000 years. --This text refers to an alternate Paperback edition.

Book Information

Paperback: 704 pages

Publisher: Citadel; Reissue edition (September 1983)

Language: English

Customer Reviews

Text: English (translation) --This text refers to an alternate Paperback edition.

Including the Hieroglyphic Transcript and English Translation of the Papyrus of Ani Fascinating compendium of ancient Egyptian mythology, religious beliefs and magical practices. Includes spells,

incantations, hymns, magical formulas and prayers. All explained by one of the most knowledgeable and respected Egyptologists of the early 20th century. B&W illustrations, photographs and hieroglyphics throughout. 704 pages. --This text refers to an alternate Paperback edition.

I should have read the reviews. Misleading one description says 700 plus pages, another says 70. This book is the 70. Save your money. It's a summary far from a complete summary at that. For a deeper understanding check out Nsut Bty ny Asar Hotep.

This book is fascinating. It is what the ancient Egyptians believed and a lot of it we still believe in present day religion. They weren't too far from the truth. It doesn't tell you all of the beliefs but enough to make it interesting reading.

Not what it says. I was expecting a translated version of the book of the dead not the cliff notes. Very very disappointed

It read like a documentary, but with very little detail. I gave 1 star because I like the topic and one star because it was easy to read. But that's about it.

The book of the dead, or as the ancient Egyptians would have it, the book of coming forth by day, is a masterpiece of erudition as translated by the eminent efforts of E.A. Wallis Budge. His translation is simply the benchmark by which all others are to be judged. It has well stood the test of time, as well indeed has the book itself.

one can't fault budge for being a product of his time. compared to more modern writers he's a little stilted and stuffy, but i gather (not being an expert myself) that he's a very good translator and that this is a Very Important Work.but don't buy it for your kindle. there's no way to jump to the prayers you need, and it's simply too long to shuffle through every time. i'll probably never look at this again.khairetesuz

A reasonably well presented facsimile of the of the 1920 Edition.The half plate reproductions are just acceptable with a large lens.The original text is dated and of course highly questionable.It is a book that will join a number of other Budge originals and copies in my library.Reproduction books are often irritating in that they are often incomplete - My copies ofBudge; The Papyrus of Ani; A

reproduction in facsimile, is missing all of the 37 essential plates, Budge The Egyptian book of the Dead; The Papyrus of Ani Egyptian Text Transliteration and Translation missing once again the original 37 Plates, & Budge; Papyrus of Ani, The Egyptian Book of the Dead, is printed in some 'New Age' type which seems intent on placing the contents firmly within a context of crystals & incense! None of these books sadly contain the printing history of the publications, and this last one, once again has no title on the spine!

It was ok, wasn't what I expected. You have to know what they are talking about to understand. It's ok
