## Customer Reviews

Tia Lewis writes a great MC romance, and Threat is no exception!! loved the whole strange dynamic

of Nicole the NYPD detective's daughter who was killed by a biker, and Gage the VP, and soon-to-be President of the Blood Riders MC. The beginning for this couple was based on deception on Nicole's part, because she went in disguise to the MC hoping to find out who killed her beloved father. She did not expect the chemistry between her and Drake, even though he gave her a hard time initially. He knew there was more to Nicole than what she was letting on. Nicole was having issues with her meddling Aunt Karen, and Tommy another detective friend of her father's that took on the job of watching out for Nicole whether she wanted him to or not. Needless to say, Tommy and Karen were not too happy when they found out what she was doing and why. Nicole and Prospect Richie met up with Hawk of the rival MC Cobra's and Nicole knew then that Hawk was trouble and evil. Little did she know what would happen because of Hawk and his hatred of the Blood Rider's MC. This is a fast paced series that is well written MC Romance. Can't wait for more installments of this MC!!

I loved this book!!!! Tia is a new author for me but she didn't disappointed it was perfect, the chemistry between the characters, the story line and I can't wait to read more of this Everything that Nicole wanted was to know who killed her father, even if that means to get involved with this mysterious VP of one of the most famous MC, Drake Collins was a sexy, hot and powerful man in his world, he never thought to meet a woman like Nicole, but secrets could kill and lies could break some walls.

I really enjoyed reading this book. Nicole wants nothing more then to find out who killed her father, so she goes undercover in the Blood Riders MC. Never did she think that being there that she would find something that would change her life. I liked Drake & Bree/Nicole together, they just fit and I just was hoping the secret she kept wouldn't keep them apart. I can't wait to read Reveal next to see what happens with Drake & Nicole

This was a great read, it has the dark, gritty element that exudes from the MC life that I love to read, while a love story evolves. They say revenge is a dish best served cold, but what happens when heat, passion and love becomes entangled. Lies are exposed, a secret revenge plot years in the making and murder are just a fraction of what is lies between the pages. You start reading and can't put it down, this book is that good. I can't wait to read more.

When Nicole's father, a detective with the NYPD, is murdered and left in an alley the obvious

suspect is the Blood Riders MC he's been tracking for years. Left all alone, Nicole decides to try and get close to the MC and find out what happened to her father. But she never expects to get in so deep and fall for the vice president of the club, Drake. When a new girl "Bree" shows up at the Blood Riders clubhouse Drake knows there's something different about her. She doesn't carry herself or act like other club girls and this intrigues him. The more time he spends with her the more he feels like a part of himself is finally awakening. But what will Drake think when he finds out that everything about her is a lie? I thought this book was a fantastic start to a new MC series. I look forward to continuing this series and finding out what happens between Nicole and Drake.

This is a new author for me & I've loved this book! I was hooked from page one. Drake Collins is V.P. of Blood Riders motorcycle club. He gets to the point where he wants comfort from a woman. Nicole is dealing with the murder of her police officer Dad. Wanting to know what happened- she researches on how to look like a "biker chick". She goes undercover as Bree. Drake wants her immediately but is suspicious-she might be a plant from rival-the Cobras. The sex scenes were HOT! Loved how Drake was immediately-he had never even had a girl sleep in his bed. There's a situation where he needs to save Nicole & he does. There is a happy ever after, dual points of view & no cliffhanger. You'll love this book

This is an action filled story that makes everyone understand or at least I hope that bikers even 1%ers can love their women with a great passion just like everyone else. Drake doesn't trust Nicole who is really undercover to see if she can find out which blood rider killed her detective father. She isn't prepared to start falling for Drake the VP of the club., Drake didn't trust Nicole but she fills a part of him he has always wanted. But can the two overcome the big obstacles that they face and live happily. I'm not gonna spoil it but if you love badboys, love bikers your gonna love this book, I can wait to read whatever is next . I reviewed this arc because I loved the book and did so voluntarily.

Drake and Nicole were meant to be together. All the events that occurred in this book really made it hard to put it down. The writing and imagination that went into this book were great! Looking forward to the next book. Highly recommend it!
