# Rhodes A Notebook

## Synopsis

From the author of the travel bestsellers *The Greek Islands* and *A Notebook and Crete* Praise for *Rhodes* and *A Notebook* Trying to describe Richard Clark's style of writing is like trying to describe dew on a spider's web, or the line between sky and sea, his use of words is so beautiful, subtle and soft it pulls you wholeheartedly into his world. Sarah Alexi, bestselling author of 'The Greek Village' series of novels. I recommend the book for any person who has ever dreamed of visiting Greece and Rhodes in particular. I would even say that it's a must read before planning a vacation because there are so many hidden gems in the book that it would be a shame to miss them when you get to Rhodes. Cristina Puscas *Why Go Greece* Little more than a stone's throw from the Turkish coast, Rhodes was the final piece in the jigsaw of what is modern Greece. The island has changed its clothes so many times throughout history that it can be difficult to pin down what best reflects its character, and herein lies the Island's charm. The variety of its architecture and the wealth of myth and legend combined with an ever-changing landscape makes for a destination which can hold the interest for a lifetime. For many it is the Crusader Knights who prevail, for others the lost wonder of the fallen Colossus or the Doric columns of the temple celebrating the Ancient Greek cult of Athena Lindia which presides over the maritime gem of Lindos. Whatever memories it leaves us with, it is an island full of surprises. The author is a writer, editor and journalist who has worked on an array of national newspapers and magazines in the UK. He is married with two grown up children and lives in Kent.

## Customer Reviews

great source book by some one who has been there extensively.

Trying to describe R.Clark style of writing is like trying to describe dew on a spiders web, or the line between sky and sea, his use of words is so beautiful, subtle and soft it pulls wholeheartedly into his word. Right from the intro, his laid back, gentle monologue just keeps the pages turning. It is almost a guide book, but then again it is almost a history book, but what makes it special is that it is a very personal view of a fascinating island candidly written. I can feel the sunlight 'calling me on deck to see the emerging dawn', I can see the 'inner city sink estates shamelessly shouting the odds on the otherwise beautiful coastline.' There is poetry in his words and through his eyes. I recommend anyone missing Greece, visiting Greece or just wishing they could go to Greece to take a look!
