## Customer Reviews

Merriam-Webster, Incorporated is America's oldest and most respected publisher of dictionaries and other language reference products. Our staff of full-time lexicographers is the largest in America and our database of more than 16.5 million examples of words used in context is the most extensive in the world. With more than 170 years of accumulated knowledge and expertise this distinguished company represents a tradition that dates back to Noah Webster.

I bought this for my 5th grade daughter to use as reference when she is reading and doesn't know the definition of a word. Out of the 12 words she looked up - she only found the definition for 1. You get what you pay for here, this just isn't complete.

I bought this item for my child to assist with spelling homework and general writing exercises from school. I was surprised to learn that she had not been taught how to use one before, but I make her use it several times during her homework sessions. It beats having to spell everything out and is

also useful for teaching her how alphabetical filing works. Even today, this skill is important, though sometimes overlooked due to the ease of Google, Wikis, etc. Well worth the minimal price.
