Marilyn Halvorson is a Fitzhenry and Whiteside author.

Cowboys Don't Cry is a very very good book! It shows many different emotions. The story was a real page turner. I am doing this book for a Novel Study in my class. When you read the book, you feel like you are the main character, in this book the main character is Shane. His dad has a serious drinking problem, his mom died in a car accident. Shane and his dad(Josh) are constantly moving because Josh is a champion bull rider, but because of his drinking problem Josh went from a champion bull rider to a rodeo clown. Read this book to find out how Shane copes with this situation and what happens to Josh! (I highly recommend this book to readers of all ages!)

I read this book back when i was in the 8th grade for our reading project. This was the last book we

read for our unit of 4 books. and out of the ones that i read (then went out and bought) i loved cowboys dont cry the best. It's one of those books you cant put down and you must finish reading. All about a boy and his fathers realationships and what happens between them. alot of the things that happen in the book you would have never suspected...but i shouldn't give anythign away. This is an excellent youth book!

I checked this book out of the school library over ten times when I was in junior high. Now a mother of a very intelligent boy I have a hard time helping him find books that keep his attention. This book is it!! To all the kiddos who wrote a bad review on this one, judging your spelling and over all poor use of the English language, you need to KEEP READING!!!

I thought this book was awesome!!! I am from the prairies, so I totally felt what Shane was feeling, and I felt as if I was watching everything from the sidelines. It was a really emotional book, and in some parts, it made me cry. But it was an awesome book. I would soooooo HIGHLY recomend it to anyone looking for a good western book to read!!

It was a very emotional book, but I wasn't as interested as I have been with other books. Although not any kind of a page turner, I'm glad I did read it, because there's a lesson to be learned from it. Definitly something to make you think.

Highly readable, very emotional, teaches a very valuable lesson. Every young adult should have to read this book. I've read it over 6 times.

this book [stunk] soo much i had to read it for an englilhs project and i nearly feel asleep in it. this book has a stupid plot and shouldn't of even been published. i do not recommend you to read this.

boring and i had to do it for a stupid english project too. sooo boring i hate it no one deserves to go throught the torture of reading this book
