Learning SketchUp: A 3D Modeling Guide For Beginners

Synopsis

This book is a guide for you on how to do 3D modeling with SketchUp. It begins by guiding you on how to get started with SketchUp by setting up the environment. The basic tools provided by SketchUp are then explored. You will learn how to achieve some tasks by use of the tools provided by the SketchUp. The process of controlling movement in SketchUp is explored. The book guides on how you can use SketchUp so as to draw a bowl. You will learn how to do this from the initial steps to the final steps of having your bowl readily drawn. You will also learn how you can use the skills or tools you have used to draw a bowl for drawing a dome or a sphere. Further, you will learn how to draw a pyramid after you have read this book. A polyhedron is also a common shape. This book guides you on how to draw model one in SketchUp. The book guides you on how to model a building from the footprint by use of SketchUp. You are also guided on how to model a vase and a table in SketchUp. Edges are also explored in detail. The following topics are discussed in this book:- Getting Started- Basic Tools- Movement Controls- How to Draw a Bowl, Sphere, or Dome - How to Draw a Pyramid- How to Create a Polyhedron- How to Model a Building from the Footprint- Drawing a Table- Drawing a Vase- Edges in SketchUp

Customer Reviews

This is an amazing beginner's guide book.This book is a guide for you on how to do 3D modeling with Sketch Up. You will learn how to achieve some tasks by use of the tools provided by the Sketch Up. I hope you find this book helpful.

Awesome book for the beginners, I am also Beginner in 3D Modeling and I read this book and today I know most of the things which come on 3D modeling. So Highly Recommended

Needs many many more "how-to" diagrams and illustrations. Not for beginners. I would rate this as less than one star.

A worthless book. Short, no graphics about a graphic product. Useless descriptions of product functions. Do not waste your money on this.

Poorly written, short on content.
