Martinique, Guadeloupe, Dominica And St. Lucia Alive! (Martinique, Guadeloupe, Dominica & St. Lucia Alive)

Synopsis

Feeling "alive" is commonly used to describe the state when you are energized, excited, full of life! And that's exactly what these books inspire -- a feeling of eagerness to explore and discover. Alive! Guides are a refreshing change from the "same-old" guidebooks. They are written for the savvy traveler who is looking for quality and value in accommodations and dining, with a selection of activities to fill the days and nights. Each book's introduction covers the basic travel information, including climate, when to go, what to pack, history, package tours, geography and -- for overseas destinations -- currency concerns and health issues. Daytime pursuits are detailed in the "Sunup to Sundown" section, which cover the best beaches, walking tours, driving excursions, nature trips and sightseeing. Shopping plays a big part, with tips on how to barter in island crafts markets and where to find the best deals. And if you're looking for some fun when the stars come out, turn to the "After Dark" section, where you'll find descriptions of the best discos, cigar bars, theaters, movies, nightclubs and happy hours!

Lots of detail and a must for getting off the main road and really travelling around the islands. We spent two weeks on Guadeloupe, but it was not nearly long enough. It is a beautiful place, with much to see and do, great beaches and friendly people. If you go it would help to speak a little French because no one there speaks English. If not, go anyway.

It includes a lot of different islands, but we were just interested in the Guadeloupe part, but will keep it in case we visit other islands nearby. The guide was a good one. I recommend it.

I wish these guides would have more pictures. Hey, I'm not 12 years old - but maps, graphs, and an occasional b&w view of a town/hotel/port would be really swell. (ok, part of me is 12)...

My wife and I went to St. Lucia in April. We had prepared for our trip by reading all this book had to say about the island, which was very helpful in planning day trips, money exchange, restaurants, etc. We took the book with us and it was extremely helpful with maps when we drove around the island, and the different side trips off the main road. I would highly recommend it to any who are planning a trip to that area!

Lynne Sullivan's Martinique, Guadeloupe, Dominica & St. Lucia Alive focuses on the best of the regions, from shopping to outdoors activities and nightclubs. All details on customs, culture and opportunities are covered for destination-bound visitors.
