“A guide to some 200 organizations, Redfern’s text intrigues the curious and

outright paranoid with hints of conspiracies as historic as the KKK and Jack the Ripper and as obscure as the Primrose League and the Wackenhut Corporation. A book sure to appeal to puzzle-loving readers. Booklist it is enough for a browsing teen just to be entertained. VOYA "... covers a wide gamut of organizations from satanic cults, to slender man cults, to men in black, women in black, and to elitist groups such as: Skulls and Bones, the Bilderberg group and the Freemasons (to name a few). ... well-written under Redfern's great sense of narrative and research ...
