Customer Reviews

Readers seeking page upon page of abstract fulff will not find it here. Also, this is a portable slim volume. The author's advice is both clear and concise from chapter one's Getting Started to chapter nine's Getting Started--Again. This is a hands on approach for those who wish to be free of academic jargon and approach the subject in an understandable way. There are exercises in each chapter and examples from past and contemporary poets. For the beginning poet, the author is very inspiring.
