Customer Reviews

REVIEW:Tori Brass, Certified Sexologist At first the techniques in this KamaSutra book can be practiced alone, since your partner too has to be taught how to make love to you i suggest you color and use this together. [Ask yourself, "Am I ready for sex?"](#) If the answer is yes, secure a copy. [REVIEW:Stephanie Richards, Mother of two](#) Every day when I come home, I find which ever position I though about, and I color it. This book is great. The paper is excellent quality, and the black background helps to hide my mistakes when I color too aggressively and go out of the lines. This really does help me in my sex life, perfect book for turning on. If you have an hard day, or you miss some fire, or you are just looking for great adult coloring book, you need this book. This would make an excellent gift for anyone in your life that loves and collects adult coloring books as there is no around like this one. [REVIEW:Jane Lerchester, Relationship Blogger](#) Maybe the problems with adult entertainment wouldn't be so bad (I'm not naive, I know there is awfulness in that world) if we as a culture would stop treating sexuality as such a freakin taboo. When you bury a part of your culture out of the light, you can't be shocked or disappointed to find worms living there. This book respects all norms and still gives plenty of hotness. Spread the LOVE!

Many thanks to all the supporters for great reviews. Thank you followers for your LOVE and I will spread it through my artwork as I work on next ones. #ELVIRADIAMOND

No a great coloring book, poor pictures compared to other artist books.

Great gag gift! It was a total hit!

Super fun

Needs way more different designs and backdrop detail gets boring quick

I like the idea of the book, But the illistrations itself were a bit blurry and not as imaginative.

No way LOL

sister goa a kick out of this book!

Totally going to have fun with this one!!!
