# Jacquelyn - The Prophet Of Profit: Let The PROFIT Grow In All Areas Of Your Life Starting Today!

## Synopsis

"The Prophet of Profit can and will alter your perception and transform your attitude about money and more specifically about profit." ~ Bob Proctor, Co-Founder, Proctor Gallagher Institute

A Prophet is a person who is delivering good news and I want you to understand this... Profit is an honorable word. This word should be added to your vocabulary whether you are a business owner, an entrepreneur, a stay at home mom or someone working for a company; it doesn't matter to me, the word is "Profit". This word is so important and yet it is not talked about nearly enough and not given the attention it truly deserves. There are things you want to be doing whether it's expanding your business or maybe on a personal level go on more vacations and the number one reason that is getting in your way is because of this word. Profit. There simply isn't enough. What I am about to share with you, we were not taught in school. I certainly wasn't. I am of the opinion now, that profit is something that should become a top priority in everyone's personal and professional life. This is why 1% of the population earns most of the money in the world! And unfortunately the average individual does not understand how they are doing it. These people know something that the mass majority of the population doesn't. They know how to earn a profit. The principles that I am going to outline in this book has put me in the 1% of income earners in few short years! "Jacquelyn MacKenzie knows what she is talking about. I believe the answer to how to achieve your goals can be found on the pages of this book." ~ Peggy McColl, New York Times Best Selling Author

Excellent book. Condensed information, so it's a brilliant quick read. I like to read my books over and over when they have great information. This is on the night stand with a few others. I am grateful to have found this. Life changing approach to every thing, not just business.

This book was very inspiring. She took difficult concepts and explained them in easy to understand language and idea. I highly recommend this book to everyone especially if you are ready to get out of your own way and get amazing results.
