Love The Person You're With: Life-Changing Insights From The Most Compelling Near-Death Experiences Ever Recorded

Synopsis

Every day, all over the world, an increasing number of people are reporting near-death experiences (and related phenomena). This book is a collection of the-best-of-the-best stories and quotes from 40-plus years of research. It shines a bright light on the universal truths that are championed by NDEs and reveals, in life-changing technicolor, how to apply these truths to our everyday lives. The book includes stories and quotes from 38 experiencers and 8 researchers, including Howard Storm, Jeff Olsen, Kenneth Ring, Tom Sawyer, Reinee Pasarow, Dianne Morrissey, Rene Jorgensen, Jeffrey Long, Oliver John Calvert, Erica McKenzie, Andy Petro, Amy Call, Mary Jo Rapini, Anne Horn, Ellyn Dye, Mellen-Thomas Benedict, Anita Moorjani, Barbara Harris Whitfield, Natalie Sudman, Sheila, Dennis, and Matthew Linn, Cami Renfrow, Ryan Rampton, Amphienda Baskett, Arthur Yensen, Dr. George Ritchie, Julie Aubier, Mary Deioma, Peter Panagore, John W. Price, Dr. Laurin Bellg, and David Sunfellow. Along with fantastic content, this book has a companion website that showcases the experiencers, researchers, and remarkable videos that are featured in the book: <http://lovethepersonyouarewith.com/>

Customer Reviews

I have an entire shelf of NDE books and this one is unique in that it has a compilation of "best of" excerpts. Sure, having read so much about the afterlife, reincarnation, and NDE, nothing was new. Yet it was still tremendously moving to read this book. I read a chapter or two every night while relaxing---each chapter being just a few pages (or even one). Some of the insights include the following: A few minutes of one action, good or bad, can ripple out to affect others, and even lifetimes. No one judges us except ourselves. (Note: The concept of a judgmental, angry God is a projection only.) Life is a game; don't take it so seriously! We are here to learn joy and love, and to evolve. Yet, paradoxically, we are already perfect, and are here for entertainment, as in an amusement park. It's all good, so stop judging others and yourselves; in the big picture, all is unfolding as it should. The Light Being we see upon death is called "Jesus" by Christians, and other spiritual leaders by those of other religions. There are also different kinds of heavens, according to your beliefs and spiritual evolution. No one is inherently evil, and we are (at the highest level) all One. Those who experience NDE become transformed for life, and are more interested in health, nature, love, service and peaceful music. This is a great book if you want to remind yourself of what is TRULY IMPORTANT in life! Susan Schenck, award-winning author of *The Live Food Factor* and several other books

I've studied near death experiences since 1979, when I wanted to prepare my dying father for the afterlife. David has synthesized some of the most respected near death experiences in the field, and organized it beautifully. I believe that the best way to help people prepare for their passing is to read about NDEs, hopefully before they get sick. They also teach us how to live, and what is truly meaningful. I have already referred it to several friends.

Filled with moving and diverse stories reported by those who have had a NDE - moving, thoughtful and inspiring. The excerpted stories within provide an opportunity for each of us to change our own attitudes and responses - without having an NDE. The weblink that follows each story links to in-depth video interviews in which those who experienced an NDE share more deeply. I highly recommend this book to anyone who has an interest in or is searching for - the ultimate purpose of life.

What a worthy book! These stories are fascinating guideposts for those of us who haven't been through that doorway. I keep them in mind daily, to remind me of what's most important.

This book includes a powerful resource section, including links to videos of interviews with people who have experienced NDEs . I found the information to be loving and true. For anyone who is struggling to integrate an NDE into their life after the event this will guide you along your path.

I loved the book and was sad when it ended. I could have just kept going. David did a wonderful job choosing the stories to use and then bringing all together into a cohesive understanding. Kudos to you David, for your work. Thank you. Bevin McCabe

This book is excellent if you're looking at deeper issues in life and have done a lot of spiritual seeking.

David is an authority on NDE's and he's selected examples from some of those that really moved him to compile this book for the novice and student alike
