## Customer Reviews

MARY POPE OSBORNE and NATALIE POPE BOYCE are sisters who grew up on army posts all over the world. Mary is the author of over 50 acclaimed books for children. Natalie has worked as a children's librarian and as a teacher of English and E.S.L. SAL MURDOCCA has been illustrating and writing books for children for many years. He has illustrated every book in the Magic Tree House fiction series and the Magic Tree House Fact Tracker nonfiction companions.

I purchased this book for my son, however, due to the new format for this book whereas the display is of side-by-side pages with a tap option to enlarge the print to a "normal" size my son is unable to read the book due to his reading disorder which requires him to enlarge the print greatly in order to read independently. He was very disappointed. This happened to 2 other books in the series as well. We do love Magic Tree House books and will continue to purchase as this new format is hit and miss within the series.

My 7 year old had to research her favorite animal, it's habitat, eating habits, etc. The book held her interest and contained a lot of information that she could use in her paper. The research project became enjoyable to her.

Who doesn't love to learn about Pandas. Got the book for my 7 year old daughter she is obsessed with them. She liked the book.

This book, like all of the Magic Treehouse books is fantastic. For inquisitive young children who want to know more there is no better series that her fiction and nonfiction pairings.
