## Synopsis

Three dragons. One unavoidable, unpredictable destiny. This is the beginning... of the end. In the SeaWing kingdom, a young prince learns he is an animus -- capable of wonderful magic that comes with a terrible price. In the mind of a NightWing dragonet, a thousand futures unfold -- and almost all of them, she knows, lead to disaster and destruction. And under three full moons and the watchful eyes of his NightWing mother and IceWing father, the most powerful dragon Pyrrhia will ever know is clawing his way out of his egg. Darkstalker, the dragon who will change the world forever. Long before the SandWing war, lifetimes before the Dragonet Prophecy... darkness is born. ~ ~

## Customer Reviews

Gr 4~6 ~ ~ Thousands of years before the time of the Dragonet Prophecy, Darkstalker is born to parents from warring tribes ~ ~ Arctic, an Icewing; and Foeslayer, a NightWing. Arctic is an animus, a rare dragon so powerful and dangerous that some tribes don't even allow them to live. Each time an animus uses magic, he loses a piece of his soul. Darkstalker has inherited his father's magical ability, along with the gift of prophecy. He knows his future involves a NightWing named Clearsight, and she, a seer herself, is also aware that their fates are entwined. Far away in

the SeaWing kingdom, a terrible tragedy brings another animus, Fathom, into their lives. Fathom is tasked with controlling the carefree and arrogant Darkstalker, who casts spell after careless spell, putting the dragonets, and all of Pyrrhia, at risk. This first book in the "Legends" series is a prequel to "Wings of Fire" and is middle grade high fantasy at its most fun. The story moves along at a breakneck pace as the dragons face dangerous situations, cast enchantments, and even fall in love. Fully fleshed-out worlds, sarcastic dragon humor, and an intriguing backstory will more than please the many loyal fans of the original series. VERDICT Young fantasy fans will adore this. — Mandy Laferriere, Fowler Middle School, Frisco, TX

Warning: If you read this book, you WILL want to read it again! This book was so good and amazing and oh my gosh! If you think this book looks good, then it's almost like you can PREDICT the FUTURE!!! I know, making book references inside the review for that same book is cheesy, but I saw the chance and took it. HIGHLY RECOMMENDED!!!

First of all, please read this after book eight. This story goes back in time and you get to know Darkstalker and his history. Very well done, I know of people who are so like him...they can justify bad behavior and in their eyes they can do no wrong. Clearsight, Fathom, and Indigo are Darkstalkers friends and try to help him. Many sad things have happened to Darkstalker, and he does not deal with his pain appropriately. There a wise lesson here, and I loved that! A great read!

My son loves this series and it keeps him reading. Too bad it will be a few months until the next book is out. He had mentioned something related about dragons as babies or young dragons.... didn't follow too well. For the interim, I picked up a Scholastic version of another dragon series for the same age range.

I really enjoyed this book. It is written just like other books from the Wings of Fire series, and I would consider this book to be a prequel to the rest of the series. It's also quite funny. I really liked it, and would highly recommend it to anyone who is interested in the rest of the series.

It has an amazing story that unfolds more and more as u read it. U don't have to read the books before, but u should, cuz their awesome. If u like dragons, or the Wings Of Fire series in general, READ THIS. Amazingness. Why haven't u bought it yet? Go, GO. GO DO IT! ITS WORTH IT!!!!

I'm in 4th grade and I think that if you're all ready done with the wings of fire series you need to read this book. As soon as i got this book I started reading and finished it in 2 days. If you haven't read the wings of fire series and like dragons with special powers and are fine with reading about war the wings of fire series is perfect for you. the wings of fire series made me the person I am today.

My nephew is a huge fan. I am so pleased I was able get this book and the entire series on for him for Christmas. The book(s) are very nice quality. This is a hardback, but the rest of the series are paperback. I am not super familiar with the story, so I am recommending them on my nephew's opinion.

Read it in like 2 hours. Ever since the first book came out, been in love with the series. Now, can't stop waiting for the next book, and I can't stop wanting to know what happened with Clearsight, Fathom, and Indigo later on in their lives. God damn it, such a fantastic experience while reading that makes you want to hear the rest of the story.
