Synopsis

I want to thank you and congratulate you for downloading the book, Ã¢ ¬Å"iPad for Kids: 22 Kick Ass Apps Parents Should Buy and Why!Ã¢ ¬Â• This book contains proven steps and strategies on how to choose the best apps that are not only appropriate for children, but are super fun and awesome too! If youÃ¢ ¬â"¢re reading this book, then youÃ¢ ¬â"¢re most likely the type of parent who wants the best for their child and you know that they need your guidance while growing up.Involving yourself in their life, even when some might think that theyÃ¢ ¬â"¢re

Ã¢ ¬Å"justÃ¢ ¬Â• apps, is a great way to make sure that they make the most of their time with their iPads. These fantastic devices shouldnÃ¢ ¬â"¢t be solely thought of as a way to keep kids distracted or sitting in one place. They can greatly enhance their education, critical thinking skills, creativity, and much more!Be better than the average parent who just hands their child an iPad and leaves them be. Aside from opening them up to potentially inappropriate content, you can also rack up a huge bill if you donÃ¢ ¬â"¢t watch over their in-app purchases. This book will be able to help you with app choice and much more. Prepare to see your child learn and have more fun than ever before and itÃ¢ ¬â"¢s all because of you! Thanks again for downloading this book, I hope you enjoy it! Elaine Donato

With the vastness of apps available on itunes, just the simple task of choosing the appropriate and kid friendly ones can be a very daunting task. This definitely helped me decide which application to download. My favorite and my nephew's favorite is the Curious George's town app. It's a great and fun way to learn about saving and proper spending. Very educational and fun! Thanks.

Over all, i think this book gives a good selection of applications suitable for kids. Really good help for parents.

Not really useful.

I was struggling to find ways to get my kids more interested in the iPad. Many days, it would just sit there while they played games, read books, or ran around in the back yard. But now, with these 22 great apps, I have more ways to interest my children in both the iPad and living online. It was hard, at first, to convince my children of the value of the iPad. "Don't make us play on that lousy thing!" the oldest complained. But over time, they've come to see the value of huddling around the iPad and finding adventure in every finger swipe.If this book works as well for you as it did for me, you'll find the iPad is even more important in the lives of your kids.

If the apps have the kick??? In them who on earth would buy them. Not for kids is my thinking.
